8 (9) to enter into other contracts or other transactions regarding the  
 9 powers granted by this section, with any person.

10 (b) Lease or use agreements authorized by this section are not lease-purchase  
 11 agreements within the meaning of AS 36.30.085.

12 **Sec. 37.15.930. Bonds of the corporation.** (a) The corporation may borrow  
 13 money, and may issue special limited obligation bonds of the corporation in a total  
 14 principal sum not to exceed \$350,000,000, secured solely by annual appropriations  
 15 that may be made by law, by the debt service reserve fund, and by other property,  
 16 property interests, or security provided by the corporation. The bonds shall be issued  
 17 in an amount sufficient to finance capital improvements authorized by law. The  
 18 money to pay principal and interest on the bonds is subject to annual appropriation by  
 19 the legislature and may be the sole consideration for lease or other use agreements for  
 20 the capital improvements financed through the issuance of the bonds.

21 (b) Bonds shall be authorized by resolution of the corporation, may be issued  
 22 for funding or refunding purposes, and shall be dated and shall mature as the  
 23 resolution authorizing their issuance may provide, except that no bond may mature  
 24 more than 40 years from the date of its issue. Bonds shall bear interest at the fixed or  
 25 variable rates, be in the denominations, be in the form, either coupon or registered,  
 26 carry the registration privileges, be executed in the manner, be payable in the medium  
 27 of payment, at the places, and be subject to the terms of redemption that the resolution,

 31 (Uniform Commercial Code).

1 (d) All bonds may be sold at public or private sale in the manner, for the price  
2 or prices, and at the time or times that the corporation determines.

3 (e) The bonds issued by the corporation do not constitute an indebtedness or  
4 other liability of the state or of a political subdivision of the state, other than the  
5 corporation, but shall be payable solely from the income and receipts or other funds or  
6 property of the corporation. The corporation may not pledge the faith or credit of the  
7 state or of a political subdivision of the state, other than the corporation, to the  
8 payment of a bond and the issuance of a bond by the corporation does not directly or  
9 indirectly or contingently obligate the state or a political subdivision of the state to  
10 apply money from, or levy or pledge any form of taxation whatever to the payment of  
11 the bond. Each bond issued by the corporation shall describe the foregoing limitations  
12 plainly on its face.

13 **Sec. 37.15.940. Revenue fund established.** (a) There is established as a  
14 special fund of the corporation the State of Alaska Capital Corporation revenue fund,  
15 into which may be paid all amounts appropriated by the legislature. These  
16 appropriations represent revenue, fees, charges, and rentals derived by the corporation  
17 from lease or use agreements with state agencies for capital projects financed from the  
18 proceeds of bonds of the corporation. The money in the revenue fund may be  
19 expended for any authorized purpose of the corporation, established by resolution of  
20 the corporation, including transfer to the bond redemption fund, the construction fund,  
21 or the debt service reserve fund, or to pay the expenses of the corporation.

22 (b) The commissioner of revenue shall, on behalf of the corporation, invest  
23 money in the revenue fund under the authority provided in AS 37.10.070, 37.10.071,  
24 and 37.10.075. The interest earned on or any profits derived from the sale of this  
25 investment shall be deposited in and become a part of the revenue fund.

26 **Sec. 37.15.950. Construction fund established.** (a) There is established as a  
27 capital construction fund of the corporation the State of Alaska Capital Corporation  
28 construction fund, into which shall be paid the net proceeds received from the sale of  
29 the bonds, less any accrued interest paid on the bonds that was deposited in the bond  
30 redemption fund under AS 37.15.970(b) and less any amount deposited in the debt  
31 service reserve fund under AS 37.15.960(a); and other money of the corporation

1 authorized for transfer to the construction fund by resolution of the corporation. The  
2 money in the construction fund may be used for any purpose for which bonds may be  
3 issued, including the payment of issuance and financing costs and arbitrage rebate.  
4 The corporation also may transfer money in the construction fund to the debt service  
5 reserve fund or the bond redemption fund.

6 (b) The commissioner of revenue shall, on behalf of the corporation, invest  
7 money in the construction fund under the authority provided in AS 37.10.070,  
8 37.10.071, and 37.10.075. The interest earned on or any profits derived from the sale  
9 of this investment shall be deposited in and become a part of the construction fund.

10 **Sec. 37.15.960. Debt service reserve fund established.** (a) For the purpose  
11 of securing bonds, there is established as a special fund of the corporation, the State of  
12 Alaska Capital Corporation debt service reserve fund. The corporation shall deposit  
13 bond proceeds or other money received by the corporation, or surety instruments, into  
14 the debt service reserve fund equal to the debt service reserve fund requirement set by  
15 (c) of this section.

16 (b) Except as provided in this subsection, money in the debt service reserve  
17 fund may not be withdrawn from it at any time in an amount that would reduce the  
18 balance of that fund to less than the debt service reserve fund requirement set by (c) of  
19 this section. Notwithstanding the debt service reserve fund requirement set by (c) of  
20 this section, money may be withdrawn from the debt service reserve fund for the  
21 purpose of paying, if necessary, the following:

22 (1) arbitrage rebate on earnings of the fund;

23 (2) debt service on bonds.

24 (c) Bonds secured by the debt service reserve fund may not be issued unless  
25 the debt service reserve fund has a balance equal to the least of

26 (1) the maximum annual debt service on outstanding bonds issued by  
27 the corporation;

28 (2) 125 percent of the average annual debt service on all outstanding  
29 bonds of the corporation; or

30 (3) 10 percent of the proceeds of outstanding bonds.

31 (d) In computing the amount of the debt service reserve fund requirement for

1 the purpose of (c) of this section, securities in which all or a portion of the money in  
 2 the debt service reserve fund is invested shall be valued by some reasonable method  
 3 established by the Department of Revenue. Valuation on a particular date shall  
 4 include the amount of any interest earned or accrued to that date.

5 (e) The commissioner of revenue shall annually, no later than January 30,  
 6 make and deliver to the governor and the legislature a certificate stating the sum, if  
 7 any, required to restore the debt service reserve fund to the debt service reserve fund  
 8 requirement set by (c) of this section. The legislature may appropriate the amount  
 9 requested, which shall be deposited by the corporation in the debt service reserve fund.  
 10 Nothing in this section creates a debt or liability of the state.

11 (f) The Department of Revenue shall, on behalf of the corporation, invest the  
 12 money in the debt service reserve fund in accordance with AS 37.10.070, 37.10.071,  
 13 and 37.10.075. Money in the debt service reserve fund shall be transferred to the bond  
 14 redemption fund at any time if necessary to pay principal of and interest and  
 15 redemption premium, if any, on the bonds.

16 **Sec. 37.15.970. Bond redemption fund established.** (a) There is established  
 17 as a special fund of the corporation the State of Alaska Capital Corporation bond  
 18 redemption fund, for paying and securing the payment of the principal of and interest  
 19 and redemption premium, if any, on the bonds and which shall be at all times  
 20 completely segregated and set apart from all other funds of the corporation.

21 (b) Accrued interest paid on the bonds shall be deposited in the bond  
 22 redemption fund. As provided by resolution of the corporation, amounts also may be  
 23 transferred from the revenue fund to the bond redemption fund and expended to pay  
 24 debt service, or reduce the outstanding principal of the bonds. Payment for these  
 25 purposes may be according to the order of priority established by resolution of the  
 26 corporation.

27 **Sec. 37.15.980. Refunding bonds.** (a) The bonds or any part of them may be  
 28 refunded at or before their maturity by the issuance of refunding bonds of the  
 29 corporation if, in the opinion of the board of directors of the corporation, refunding is  
 30 advantageous to and in the best interests of the corporation.

31 (b) The issuance of refunding bonds need not be authorized by an act of the

1 legislature, and the board of directors of the corporation shall adopt the resolution or  
 2 resolutions and prepare all other documents and proceedings necessary for the  
 3 issuance, exchange or sale, and delivery of the refunding bonds. All provisions of  
 4 AS 37.15.910 - 37.15.985 applicable to bonds are applicable to the refunding bonds  
 5 and to the issuance, sale, or exchange of them, except as otherwise provided in this  
 6 section.

7 (c) Refunding bonds may be issued in a principal amount sufficient to provide  
 8 money for the payment of all bonds to be refunded by them and, in addition, for the  
 9 payment of all expenses incident to the calling, retiring, or paying of the outstanding  
 10 bonds and the issuance of the refunding bonds. These expenses include the difference  
 11 in amount between the par value of the refunding bonds and any amount less than par  
 12 for which the refunding bonds are sold, any amount necessary to be made available for  
 13 the payment of interest upon the refunding bonds from the date of sale of them to the  
 14 date of payment of the bonds to be refunded or to the date upon which the bonds to be  
 15 refunded will be paid pursuant to the call of them or agreement with the holders of  
 16 them, and the premium, if any, necessary to be paid in order to call or retire the  
 17 outstanding bonds and the interest accruing on them to the date of the call or  
 18 retirement.

19 **Sec. 37.15.985. Annual audit of corporation.** The corporation shall have its  
 20 financial records audited annually by a certified public accountant. The legislative  
 21 auditor may prescribe the form and content of the financial records of the corporation  
 22 and shall have access to these records at any time.
