15 * **Sec. 2.** AS 19.25.200 is amended by adding new subsections to read:

1 (c) Upon receipt of an application, the department shall issue an encroachment
2 permit to a private person, a government agency acting in a business capacity, or an
3 owner or lessee of land contiguous to the right-of-way for an encroachment that, on
4 January 1, 2005, was present within the right-of-way of an interstate, primary, or
5 secondary highway and is not authorized by a written encroachment permit if the
6 department finds that

7 (1) the encroachment does not pose a risk to the traveling public, and
8 the integrity and safety of the highway is not compromised;

9 (2) the applicant has demonstrated the encroachment was erected in
10 good faith;

11 (3) the denial of the encroachment permit would pose a hardship on the
12 person, agency, owner, or lessee who applies for the permit;

13 (4) the issuance of an encroachment permit will not cause a break in
14 access control for the highway;

15 (5) the land will not be necessary for a highway construction project
16 during the initial term of the permit; and

17 (6) issuance of a permit is consistent with federal requirements
18 regarding encroachments on federal-aid highways.

19 (d) The department may not remove an encroachment present within the right-
20 of-way of an interstate, primary, or secondary highway on January 1, 2005, unless the
21 owner, occupant, or person in possession of the encroachment or any other person
22 causing or permitting the encroachment to exist receives the notice provided under AS
23 19.25.230 and is informed of the application process for an encroachment permit
24 under (c) of this section. The department may charge a fee, not to exceed \$100, for an
25 encroachment permit issued under (c) of this section. An encroachment permit issued
26 under (c) of this section may contain reasonable conditions to protect the traveling
27 public, the safety and integrity of a highway's design, and the public interest.

28 (e) The land area described in an encroachment permit may not be used to
29 meet minimum requirements for a contiguous land use under applicable municipal
30 land use standards or under applicable regulations adopted by the Department of
31 Environmental Conservation. The use of land contiguous to the land area described in

1 the permit must satisfy the applicable municipal land use standards and applicable
2 regulations adopted by the Department of Environmental Conservation without regard
3 to the land area described in the permit.

4 (f) The issuance of an encroachment permit under AS 19.25.200 - 19.25.250
5 does not entitle the owner, occupant, or person in possession of the encroachment or
6 any other person to a payment of compensation or of relocation benefits under
7 AS 34.60 if the encroachment permit is revoked or not renewed or if the encroachment
8 must be changed, relocated, or removed under AS 19.25.200 - 19.25.250.

9 (g) Except for damage, injury, or death resulting from gross negligence or
10 reckless or intentional misconduct of the state or an agent or employee of the state, the
11 state is not liable for damage to, or damage, injury, or death resulting from the
12 presence of, an encroachment in the right-of-way of a state highway.
