This bill amends AS 28.35 prohibiting watching a television receiver, a video monitor or the like while driving a motor vehicle. The bill similarly prohibits the installation of televisions or monitors or the like in such a way that they can be viewed by the driver of the vehicle unless there is a locking device that blocks power to the the unit while the motor vehicle is in motion. The bill excepts vehicle information display, GPS, mapping display, or equipment intended to enhance the driver's view forward, behind or to either side of the motor vehicle. The bill does not apply to emergency vehicles.

The Department of Law does not anticipate that there will be many new prosecutions arising out of passage of this legislation, and thus does not anticipate a fiscal impact.
