ANALYSIS: (Attach a separate page if necessary)

Risk Management (RM) will be financially impacted by the changes in this legislation. RM administers the self insurance program providing workers' compensation protection for all state employees, including illness claims filed by occupations affected by this legislation.

The self insured worker's compensation claims will realize increased litigation and benefit costs. As the number of reported exposures will vary by year, it is difficult to present accurate projections.

Future Risk Management's workers' compensation assessments to those agencies with employee occupations affected will reflect actual costs incurred as premiums charged each agency are developed from actual claims expenses incurred.
