ANALYSIS: (Attach a separate page if necessary)

This bill authorizes the continuation of the SeniorCare program and modifies the prescription drug benefit available under the program. Approximately 10,000 seniors will receive assistance paying their premiums and deductibles for prescription drug coverage under Medicare or some comparable insurance.

The Division of Health Care Services will need to contract for changes to its claims payment system (MMIS) to allow for payment of premiums and deductibles, at a one-time cost of \$133.0 (\$50.0 of this total cost is included in the FY06 Governor's Budget and so not reflected above). In addition, the division will need to add one, full-time staff member. Initially, this position will perform the development and testing of system changes to MMIS. Once the new prescription drug benefit is effective, the position will be responsible for overseeing the premium buy-in process and coordinating the coverage of deductibles with providers.
