Part-time						
Temporary						

**ANALYSIS:** (Attach a separate page if necessary)

This bill would centralize almost all DHSS licensing statutes under a new chapter to AS 47. Currently, there are 12 different statutory schemes for the licensure of different entities by the DHSS. By centralizing these disparate procedures into a streamlined licensing process under a uniform statutory framework, the DHSS hopes to be able to administer these functions in a much more efficient and cost effective manner. Significant revisions to the corresponding regulations will be required and will result in a fiscal impact to the Department of Law in the first year or two following passage of this legislation. The Department of Health and Social Services has received a federal grant, requested in the Division of Public Health's FY 2006 budget, that will allow centralization to occur. The grant includes the funds needed by Department of Law for regulation revision and review.
