Temporary						

ANALYSIS: (Attach a separate page if necessary)

This bill amends AS 18.15.400 (Health, Safety, and Housing - Disease Control - Blood Testing of Prisoners for Bloodborne Pathogens) by broadening it to include all peace officers and emergency workers who may have exposure to offenders with blood borne pathogens. The current statute protects correctional officers from exposure to prisoners. This bill would also extend beyond prisoners, to any adult or juvenile offender whether incarcerated or not. The bill seeks to acknowledge that the risk of exposure to blood born pathogens is significant for all peace officers and the ability to test blood to identify where and when medical treatment might be needed is an important protection measure.

Passage of this legislation will have no fiscal impact on the Department of Law.
