Part-time						
Temporary						

ANALYSIS: (Attach a separate page if necessary)

This bill amends AS 18.15.400 -18.15.450. Peace officers, fire fighters, emergency medical technicians, mobile intensive care paramedics employed or volunteering for the state or municipality, a volunteer department or emergency medical service provider will be able to request bloodborne pathogen testing when they have been exposed to blood or body fluids during the performance of their duties. The bill will now allow bloodborne testing of certain adult or juvenile offenders in addition to prisoners. The "employing agency" is responsible for insuring the testing procedures are followed correctly. Passage of this bill will have no immediate fiscal impact on the Department of Public Safety, and simply outlines the proper course of action when personnel are exposed to blood or body fluids. DPS has a policy for reporting this kind of exposure.
