**ANALYSIS:** (Attach a separate page if necessary)

This bill would add a requirement for EMS responders to notify an organ procurement agency for deaths which occur outside of a hospital, and of the victim's intent to donate - or not donate - organs.

The state will notify EMS providers, instructors, first responders, and ground and air medical services of the new reporting requirement. The cost of preparing and mailing these notifications was initially identified as \$6.5, but it has been determined these costs can be avoided by coordinating notification of this new requirement with other EMS provider communication efforts.

Thus, the fiscal impact is zero.
