Temporary						

**ANALYSIS:** (Attach a separate page if necessary)

In part, Section 2 outlines that hatchery permit holders can harvest salmon for the facility in special harvest areas using agents, contractees, or employees of the permit holder or through common property fisheries. A person who violates a regulation adopted under this section is guilty of a class A misdemeanor.

Currently the Department of Public Safety (DPS) does not expend any resources enforcing cost recovery fisheries. DPS does enforce fisheries opened by Department of Fish and Game in special harvest areas, and terminal harvest areas on a limited basis. These efforts are dependent upon other ongoing enforcement needs and public safety emergencies.

Since the involvement for DPS has not been stipulated by this legislation, we have determined that there is no fiscal impact.
