ANALYSIS: (Attach a separate page if necessary)

HB 220 is intended to put into law the right of a patient who receives mental health treatment to request the gender of a licensed staff person who will provide the patient's intimate care. In those cases where the patient is incapacitated, the intimate care is to be provided by a staff member who is the same sex as the patient except as provided in (c)(2) of the proposed bill.

The Department projects that this bill will have zero fiscal impact on this component.
