ANALYSIS: (Attach a separate page if necessary)

This bill creates a process for the certification of explosives handlers by the Department of Labor and Workforce Development. This process includes the requirement that the applicant for a certificate submit fingerprints and fees for a national criminal history check to be performed by the Department of Public Safety under AS 12.62.400. The language of this bill is consistent with other statutes for criminal history checks that have been approved by the FBI.

The Department of Public Safety will be able to perform these additional criminal history checks with no fiscal impact.
