**ANALYSIS:** (Attach a separate page if necessary)

Passage of this legislation would allow smaller electric vehicles to be registered by the Department of Motor Vehicles and to co-mingle these vehicles with full-size motor vehicles on the roadways as long as the posted speed limit is not above 35 miles per hour.

Since the operators of these electric vehicles would have to comply with all other traffic laws applicable to the operation of passenger vehicles, any enforcement of traffic laws would be absorbed by the existing resources within the Department of Public Safety.
