Temporary						

ANALYSIS: (Attach a separate page if necessary)

This bill will allow a very specific type of vehicle, as defined by federal regulations as a 'Low Speed Vehicle' to receive Alaska Title and Registration for use on certain roadways.

There will be an increase in revenue as a result, yet we are unable to determine that amount as the estimated numbers of these LSV's requesting title & registration remains unknown. The DMV database, the Alaska Licensing and Vehicle Information Network (ALVIN), will require minimal modification to allow this process.

We intend to purchase 500 sets of these new, distinctive LSV plates in anticipation of registration; any unused plates will be carried as inventory. Titles, registration forms and tabs will be used from existing supplies.
