ANALYSIS: (Attach a separate page if necessary)

This bill expands the conditions under which the court may grant limited driver's license privileges to someone whose license would otherwise be revoked under a misdemeanor conviction for operating a vehicle, aircraft or water while under the influence of an alcoholic beverage, inhalant, or controlled substance, or refusal to submit to a chemical test, if that person has successfully completed a court-ordered treatment program. The bill spells out the procedure the court shall follow in allowing the defendant to participate in a court-ordered treatment program, including imposing a sentence for a defendant who fails to complete the treatment program, and the bill sets forth certain conditions the court may impose before allowing such treatment. The bill spells out what kind of programs or treatments the court may consider. The bill removes conflicting mitigating sentencing language in AS 28.35.030 (b)(p) and AS 28.35.032(g)(r).
