ANALYSIS: (Attach a separate page if necessary)

HB 48 describes specific actions and communications in which school personnel may or may not engage related to psychiatric and behavioral evaluations and treatments. School personnel are prohibited from recommending or requiring that a child take or continue to take a psychotropic drug as a condition for attending school; conducting a psychiatric or behavioral evaluation of a child; recommending a specific physician, psychologist or other health specialist to a parent or guardian; recommending that the parent take a specific course of medical or psychiatric action; and reporting suspected child abuse or neglect based solely on whether a parent or guardian refuses to consent to a course of medical, psychiatric, psychological, or behavioral treatment or evaluation.

Costs for school districts to implement provisions of this bill are indeterminate.
