**ANALYSIS:** (Attach a separate page if necessary)

This bill requires DNR to convey title for the remaining interests in the land estate to an owner of the rights to that land for agricultural purposes if the land was conveyed to the state as a forest service grant under sec. (6) of the Alaska Statehood Act and the parcel is not more than 15 acres in size.

\*\* This legislation would enable anyone meeting the law's conditions to purchase the state retained interests to property originally sold by the department as agricultural interest only lands. DNR supports this proposed measure. Other than a small but indeterminate amount of revenue expected to be generated from the sale of the agricultural interests, there is no anticipated significant fiscal impact associated with the implementation of this proposed legislation.
