This bill requires absentee voters applying by mail or by electronic transmission for an absentee ballot to submit the application directly to the division of elections, and it requires that the Division of Elections receive the application not less than 10 days before the election for which the absentee ballot is sought. The bill also amends AS 15.56.081 to include among the activities constituting unlawful interference with an election (a class C felony) intentionally changing, attempting to change, or causing to be changed, an absentee ballot application without the preparer's authorization.

Passage of this legislation will have no foreseeable fiscal impact on the Department of Law.
