Temporary						

ANALYSIS: (Attach a separate page if necessary)

The legislation identified \$24.2 million in funding for the design, construction and equipping of a state owned and operated virology laboratory in Fairbanks. The funding is comprised of \$24,000,000 in proceeds from the sale of Certificates of Participation (COP); and \$200,000 in investment earning on the COPs.

Annual debt service on the \$24.2 million is estimated at \$2,375,000 using the assumptions of a 15-year term and a true interest cost of 4.09%. Debt service will begin in fiscal year 2007, with total repayment estimated at just under \$35,575,000. The interest rate listed here is an estimate based on current rates. The rate at the time of the sale of the bonds may slightly differ.

An appropriation of debt service in the language section of the annual operating or capital budget will be made to the debt service fund.
