ANALYSIS: (Attach a separate page if necessary)

This bill would create a new statute in the criminal code making the crimes commonly associated with fraudulently applying for a permanent fund dividend a class C felony. Additionally, this bill would statutorily require the Department of Revenue to create a fraud investigation unit designed to detect and investigate permanent fund dividend crimes to aid in the prosecution of these offenses and the imposition of civil penalties. Currently Revenue has created a fraud investigation unit, but creating the unit in statute is necessary to facilitate access to information held by other law enforcement agencies. Passage of this legislation will not have a foreseeable fiscal impact on the Department of Law.
