ANALYSIS: (Attach a separate page if necessary)

This bill would centralize almost all DHSS licensing statutes under a new chapter to AS 47. Currently, there are 12 different statutory schemes for the licensure of different entities by the DHSS. By centralizing these disparate procedures into a streamlined licensing process under a uniform statutory framework, the DHSS hopes to be able to administer these functions in a much more efficient and cost effective manner. The Department of Law does not anticipate a significant long-term fiscal impact from passage of this legislation; however, it is clear that significant revisions to the corresponding regulations will be required. It is estimated that approximately 100 attorney hours might be required in such an effort.
