**ANALYSIS:** (Attach a separate page if necessary)

This bill is designed to bring Alaska into compliance with the new federal Real ID Act. While all of the details of the Act are currently being created through the rulemaking committee, this bill includes the 2 major components of the Act: all DL/ID applicants must be either US citizens or be able to establish their legal presence; and those persons with 'time-limited' legal status may not receive a DL/ID with an expiration date later than the allowable length of stay.

The cost associated in FY 07 is to make major changes in our database (ALVIN) to accept these new expiration dates and other verification fields. Other costs may be associated with the Real ID Act that will not be noted until later.
