**ANALYSIS:** (Attach a separate page if necessary)

This bill will create traffic safety corridors and provide enhanced fines or bail amounts related to motor vehicle traffic offenses committed within a traffic safety corridor. This proposed legislation will also allow the legislature to appropriate 50% of the fines for offenses committed in this corridor. These funds will be accounted for separately and go towards highway safety programs administered by the Department of Transportation and Public Facilities.

The enforcement of law applicable to motor vehicles within the traffic safety corridors will be enforced by using the existing assets currently available within the division of the Alaska State Troopers. There will be no fiscal impact on the Department of Public Safety.
