

CAPITAL BUDGET AMENDMENT No. 5

Offered in: Senate Floor
To: CS for SB 221 (FIN)

By: Senator Con Bunde

Agency:

Department of Commerce, Community and Economic Development
Grants to Municipalities
Anchorage

Project:

Anchorage – Yosemite Drive Area Drainage
House District 32

Amount:

\$500,000
One-time need

Funding Source:

General Funds (1004)
One-time need

Explanation:

This funding would go toward needed construction of drainage improvements in the Yosemite Drive area.

Drainage issues remain unresolved and a key element to finding a solution is the completion of a drainage study of the area bounded by Eagle River on the north, the Veteran's Memorial Highway on the south and the Glenn Highway on the west. The state DNR manages property between Yosemite Drive and Eagle River and construction of future drainage solutions will likely require their approval. This study will be one step in the right direction as a basis for future plans. This project is South Fork Community Council's number one priority.
