

AMENDMENT # 7

Offered in: Senate

By: Senator Fred Dyson

To: CSSB 221(FIN) (Version 25-GS2007\O)

Agency: Department of Commerce, Community and Economic Development
Grants to Municipalities

Project: Anchorage – APD Eagle River Sub-Station Relocation

Amount: \$500,000

Funding Source: General Fund

Explanation:

This project is to relocate the existing Anchorage Police Department (APD) substation to the Valley River Center Building, and to provide adequate space for a full-time police clerk with minimal staffing.

The current substation is not adequately secured for public information access and will not safely house a full-time clerk in its current configuration. The relocation of this substation and the subsequent expansion in the Valley River Center complex will allow community members to have increased availability to police department resources at a prominent centralized joint municipal department location. Additionally, the current substation could be converted back to Fire Department occupancy since the fire department is in need of additional space in the Eagle River area.
