14 No money appropriated in this appropriation may be expended for an abortion that is not a
15 mandatory service required under AS 47.07.030(a). The money appropriated for Health and
16 Social Services may be expended only for mandatory services required under Title XIX of the
17 Social Security Act and for optional services offered by the state under the state plan for
18 medical assistance that has been approved by the United States Department of Health and
19 Human Services. This statement is a statement of the purpose of the appropriation and is
20 neither merely descriptive language nor a statement of legislative intent.

21 It is the intent of the legislature that the Department continues to aggressively pursue
22 Medicaid cost containment initiatives. Efforts should continue where the Department
23 believes additional cost containment is possible including further efforts to contain travel
24 expenses. The Department must continue efforts imposing regulations controlling and
25 materially reducing the cost of Personal Care Attendant (PCA) services. Efforts must be
26 continued utilizing existing resources to impose regulations screening applicants for
27 Residential Psychiatric Treatment Center (RPTC) services, especially for out-of-state
28 services. The department must address the entire matrix of optional Medicaid services,
29 reimbursement rates and eligibility requirements that are the basis of the Medicaid growth
30 algorithm. This work is to utilize the results of the Medicaid Assessment and Planning
31 analysis. The legislature requests that by January 2008 the Department be prepared to present
32 projections of future Medicaid funding requirements under our existing statute and regulations
33 and be prepared to present and evaluate the consequences of viable policy alternatives that

5	participate in the development and growth of Alaska's therapeutic courts.		
6	It is the intent of the legislature that the department evaluate establishing an asset test to be		
7	incorporated in Denali KidCare and Child Care Benefits programs' eligibility determinations		
8	that includes the value of assets leased and not owned by the applicant. The department		
9	should report to the legislature, no later than January 15, 2008, possible asset test structures,		
10	their projected consequences on program participants and any necessary changes to statute,		
11	regulation or Alaska's Medicaid State Plan.		
12	Alaskan Pioneer Homes	38,037,600	17,398,200 20,639,400

14	residents of the Pioneer Homes to apply for all appropriate benefit programs prior to a state		
15	subsidy being provided for their care from the State Payment Assistance program.		
16	It is the intent of the legislature that all pioneers' homes and veterans' homes applicants shall		
17	complete any forms to determine eligibility for supplemental program funding, such as		
18	Medicaid, Medicare, SSI, and other benefits as part of the application process. If an applicant		
19	is not able to complete the forms him/herself, or if relatives or guardians of the applicant are

3 It is the intent of the legislature that the department continue improving procedures for
 4 maintaining the disabilities waitlist to assure that criteria for listing are consistent, objective
 5 and meaningful. The list should be accurately maintained without unnecessary action by
 6 individuals on the list, identify services already being received by those on the list and be
 7 utilized to promote parity in the provision of service throughout the social services system.

8 It is the intent of the legislature that the department act expeditiously in the administrative
 9 processing of individuals on the waitlist so that they may begin receiving services as quickly
 10 as possible utilizing the funding increment initiated in the fiscal 2007 budget.

11 It is the intent of the legislature that regulations related to the General Relief / Temporary
 12 Assisted Living program be reviewed and revised as needed to minimize the length of time
 13 that the state provides housing alternatives and assure the services are provided only to
 14 intended beneficiaries who are actually experiencing harm, abuse or neglect. The department
 15 should educate care coordinators and direct service providers about who should be referred
 16 and when they are correctly referred to the program in order that referring agents correctly
 17 match consumer needs with the program services intended by the department.

18 It is the intent of the legislature that the department continues the Inventory of Client and
 19 Agency Planning (ICAP) process as recommended in the Ad Hoc Committee on the
 20 Developmental Disability Waitlist Recommendations for Change report. It is further the
 21 intent of the legislature that the Department move forward with implementation of the report
 22 recommendations as appropriate and submit a progress report to the Legislature by January
 23 15, 2008, which includes information regarding the number of individuals on the waiting list
 24 that have had an ICAP completed as well as the Department's recommended action for those
 25 recommendations contained in the Ad Hoc report with which they may disagree.

1. Develop regulations addressing the use of extrapolation methodology following an audit of Medicaid providers that clearly defines the difference between actual overpayment of funds to a provider and ministerial omission or clerical billing error that does not result in overpayment to the provider. The extrapolation methodology will also define percentage of "safe harbor" overpayment rates for which extrapolation methodology will be applied.			
2. Develop training standards and definitions regarding ministerial and billing errors versus overpayments. Include the use of those standards and definitions in the State's audit contracts. All audits initiated after the effective date of this intent and resulting in findings of overpayment will be calculated under the Department's new regulations governing overpayment standards and extrapolation methodology.

1 * **Sec. 2** The following appropriation items are for operating expenditures from the general
 2 fund or other funds as set out in the fiscal year 2008 budget summary by funding source to the
 3 state agencies named and for the purposes set out in the new legislation for the fiscal year
