**ANALYSIS:** *(Attach a separate page if necessary)*

This bill creates the crime of False Caller Identification in Title 45, Trade Practices. The bill makes a class A misdemeanor knowingly entering false information into a caller identification system.

The Department of Public Safety does not expect many of these cases within its jurisdiction in any given year. However, to investigate even one will require special training, equipment, and software, all of which will require continual upgrades. The department's best estimate at this time is a start up cost of approximately \$25,000, with additional annual upgrade and training costs. However, until the department knows the magnitude of the issue, we cannot assign a firm cost to this legislation.
