ANALYSIS: (Attach a separate page if necessary)

This bill creates the Pension Obligation Bond Corporation for the purpose of issuing pension obligation bonds to allow state and municipal employers to prepay unfunded accrued actuarial liabilities of the retirement systems. The division anticipates no additional operating or personnel costs to process any transactions that may occur as a result of passage of this bill.

Sec. 24.08.036. Fiscal notes on bills affecting state retirement systems. Before a bill which would have an effect on the retirement systems of the state is reported to the rules committee, there shall be attached to the bill an analysis of the long-term and short-term costs to the state if the bill is adopted, as well as the impact of the bill on the actuarial soundness of the fund. The analysis is in addition to the fiscal note requirements of AS .08.035.
