ANALYSIS: (Attach a separate page if necessary)

CSHB15(FSH) is intended to allow members of the Board of Fisheries to deliberate, but not vote, on certain matters where they would otherwise have a direct conflict of interest arising out of participation in a fishery. This intent can be accomplished without any increased cost to the Department of Law.

However the current CS results in conflicting definitions of "immediate family member" which would have the effect of conflicting out a member based on participation of more distant relatives in a fishery; this would result in confusion and would almost certainly result in extensive litigation and legal advice to the Board with indeterminate fiscal impacts.
