ANALYSIS: (Attach a separate page if necessary)

The bill prohibits a person from driving a motor vehicle with a TV type monitor installed that is visible to the driver, if the monitor is operating while the vehicle is being driven. It also prohibits installing such a monitor or altering a monitor that so that a monitor is visible to the driver while operating the vehicle. There are several exceptions, such as GPS or other equipment or safety displays. The penalty for the new crime of operating a vehicle while a monitor visible and playing depends on the harm caused. If no injury results from the offense, it is a class A misdemeanor. If, for example, a person sustains serious physical injury, the offense is a class B felony. The penalty for installation or alteration is a class A misdemeanor. The department does not anticipate any significant fiscal impact.
