**ANALYSIS:** (Attach a separate page if necessary)

This legislation establishes a Board of Private Investigators, implements licensing for Private Investigators and Private Investigator Agencies, and provides for regulation of private investigators and private investigator agencies.

At this time the Division feels additional research is needed to accurately identify the staffing needed to implement the Board requirement of this legislation. This may include adding a new Board Administrator and additional staff to facilitate the regulating of the Board requirements and liaison with two Departments.

All Occupational Licensing programs and Boards are required under AS 08.01.065 to cover costs with licensing fees. Additional research will be needed to estimate the number of investigators who will seek license under this bill to estimate costs and revenue that would result from implementing the provisions of this legislation.
