**ANALYSIS:** (Attach a separate page if necessary)

This fiscal note reflects the costs of building, maintaining, and monitoring the database set out in Sections 1-3 of the bill. This will include working closely with package stores that sell alcoholic beverages by written order. There is a high first year cost to reflect building the database. The database will then need to be maintained and monitored in subsequent years.

The estimated one-time cost for paying for a contractor to construct the database is \$269,000 over two years (\$235.0 in FY2008; \$34.0 in FY2009). Continuing costs include one new position, a Criminal Justice Technician I, Range 12, to perform data input, liaise with and train package store subscribers to

### ANALYSIS CONTINUATION

the database, troubleshoot problems with the database, reconcile and audit records contained in the database, provide information to ABC Investigators, Alaska State Troopers, and municipal law enforcement agencies that may use written order records to support criminal investigations, and other duties associated with running this new program within the ABC Board operation. On-going contractual support to maintain the database is estimated at \$6,000 per year.

Section 15 of the bill calls for the creation, by the ABC Board, of alcoholic beverage delivery sites in Bethel and Kotzebue if requested by the respective local governing bodies. At this time, it is not known whether these delivery sites will be requested so they are not reflected in the fiscal note. Creation of these delivery sites will be very expensive. It will require leasing or building large buildings and staffing the delivery sites with state employees or contractors. The Department of Public Safety procurement section is presently assisting in research to see if adequate buildings are available for lease in Kotzebue and Bethel.
