Part-time						
Temporary						

ANALYSIS: (Attach a separate page if necessary)

This bill allows for 40 to 80 hours of time to make a bone marrow or organ donations without taking leave. The effect of this legislation could only be measured in terms of productivity loss. The bill's maximum of 80 hours equals a 4.1% loss of productivity per donating employee (based on 80hrs / 1950 total working hours per year = 4.1%). It is expected that the number of employees taking advantage of the program would be extremely small. However, we do not have any statistics that back up a hard number.
