ANALYSIS: (Attach a separate page if necessary)

This legislation would expand the list of property exempt from municipal taxation to include certain real property of native corporations conveyed under the Alaska Native Claims Settlement Act (ANCSA) when it is exchanged with a municipality and not leased or developed.

While this legislation has no fiscal impact on the operations of the division, it would have the potential of creating a positive economic impact on local municipalities. It would allow municipalities and native corporations to exchange lands without immediate property tax consequences. This exchange of lands could expedite development of lands by the native corporations in exchange for lands which the municipality may need for public uses, such as recreational uses and public schools.
