Temporary								

ANALYSIS: (Attach a separate page if necessary)

This bill repeals existing law limiting civil liability in circumstances where a listed or charted runway is marked closed in accordance with Federal Aviation Administration (FAA) guidelines and that closure is published in the appropriate FAA aeronautical charts and publications.

The specific conditions precedent to this protection are rarely in place - typically only in a major reconstruction project of an existing runway.

Given the rarity of these circumstances, Risk Management anticipates no measurable effect to the state's airport insurance program, therefore no fiscal impact is presented.
