ANALYSIS: *(Attach a separate page if necessary)*
 This bill will add approx. 101,610 acres of land to the Tanana Valley State Forest (TVSF), delete approx. 66,218 acres, and redesignate approx. 4,298 acres as part of the Minto Flats State Game Refuge (MFSGR). This better aligns boundaries with the intent of the TVSF and MFSGR, increases land management efficiency, and updates the boundaries to correspond with correct and current land status. This proposal was developed and reviewed through the 2001 update to the TVSF Management Plan. Controversial parcels were removed following interagency and public review, and the package of changes in this bill had broad support and no known opposition. These changes will not require new positions or funding. There is no short-term impact on revenue, but it protects the revenue stream from timber receipts by ensuring that more commercial forest land will remain part of the long-term sustained yield land timber base to provide lumber, fuelwood, wildlife habitat, and recreation and tourism benefits.
