ANALYSIS: (Attach a separate page if necessary)

Capital expenditures are based on the assumption that the bill will only affect grants made beginning in FY2009 and later, and will not affect grants made prior to FY2009. The FY2009 capital cost projection is based on the increased costs to the state associated with providing 70% of project costs, instead of 50% of project costs, for projects in communities with populations between 5,000 and 10,000 included in FY2009 capital budget bills HB311 and SB221.

Detailed information about FY2009 projects and increased costs to the state are included on the next page.
