ANALYSIS: (Attach a separate page if necessary)

HB002 would require the Bureau of Vital Statistics (BVS) to issue, upon the request of a parent, a "certificate of birth resulting in a stillbirth" for an intrauterine fetal death occurring after 20 complete gestational weeks. These certificates would cost \$20 each. Approximately 50 stillbirths are recorded in Alaska annually. Based on response in other states passing similar legislation, it is expected most families would request such a certificate. The division has adequate budget authorization to receive these additional receipts, resulting in a zero fiscal note - even though there will be a cost to the requestor similar to other certificates. BILL NO. CSHB 2(HSS)

ANALYSIS CONTINUATION

Minimal programming and administrative time will be necessary to issue such certificates - amounting to an estimated \$1,000 annually. Assuming 50 certificates are issued each year at \$20 each, costs will be covered by the fee. The BVS budget is funded primarily by receipt supported services; all certificates issued - birth, death, fetal death - require a \$20 fee.
