ANALYSIS: (Attach a separate page if necessary)

This legislation amends Alaska statutes related to the Alaska Coastal Management Program (ACMP). The bill requires that the Department of Environmental Conservation process its permits in accordance with the ACMP coastal consistency review procedures where permits are currently processed independent from those procedures. The increased work load for existing staff is estimated at one-half of the salary cost of a Range 19 position.

In addition to increasing the effort required to process a permit, the changes require a new half-time position to serve as ACMP lead for DEC with responsibility for internal and external coordination of ACMP matters. The fiscal note reflects the personnel and support costs of a new, part-time (0.5 FTE, Range 20) position to serve as DEC's ACMP Program Coordinator. First-year costs include one-time supply costs that are not reflected in subsequent years.
