HB 315 also establishes an executive Secretary position for the Alaska Board of Public Accountancy.

The funding source for this position is Receipt Supported Services through licensing fees paid by CPAs under the self-sufficiency statute of AS 08.01.065.

Under the self-sufficiency statute of AS 08.01.065, regulatory programs are required to pay the cost of regulation through licensing fees. The funding source in establishing this position is Receipt Supported Services funded entirely from licensing fees.

The above represent an estimate in establishing a new Executive Secretary position. Costs passed on to licensees will be based on actual expenses at the first renewal once the position is authorized. The impact to licensing fees will be shared among the total number of licensees when the position is established.

It is anticipated that through coordination with NASBA (Nat'l Association of State Boards of Accountancy) the Executive Secretary will administratively affect changes in the licensing process that will ultimately result in efficiencies and cost savings to the overall program.
