ANALYSIS: (Attach a separate page if necessary)

SJR 21 proposes amending the Constitution of the State of Alaska by ballot proposition in the next general election which would increase the membership of the Alaska Senate by four Senators and the Alaska House of Representatives by eight Representatives. If this resolution passes, the ballot proposition would be voted on in the November 2010 general election. If the ballot proposition passes, the Redistricting Board would create their redistricting plan using the new number of districts. For purposes of this fiscal note, it is assumed that the number of Legislators elected to office for the 28th Legislature would total 72. Please note the figure included for capital outlay is for the remodeling cost to accommodate the increased number of Legislators in the Capitol. If a decision were made to create an addition to the Capitol or to construct a new building the figure would be much higher and would likely be included in a capital appropriation.
