

AMENDMENT #6

OFFERED IN THE HOUSE  
TO: CSHB 110(FIN)

BY REPRESENTATIVES HERRON,  
EDGMON, AND JOULE

1 Page 5, line 13, following "\$92.50":

2 Insert "but not more than \$105"

3

4 Page 5, following line 25:

5 Insert new material to read:

6 "(G) if the producer's average monthly production tax value of  
7 a BTU equivalent barrel of the taxable oil and gas for the month is more than  
8 \$105 but not more than \$117.50, the tax rates are

9 (i) 2.5 percent on the first \$12.50 of monthly production  
10 tax value for each BTU equivalent barrel that is greater than \$30;

11 (ii) 7.5 percent of the next higher \$12.50 of monthly  
12 production tax value for each BTU equivalent barrel;

13 (iii) 12.5 percent of the next higher \$12.50 of monthly  
14 production tax value for each BTU equivalent barrel;

15 (iv) 17.5 percent of the next higher \$12.50 of monthly  
16 production tax value for each BTU equivalent barrel;

17 (v) 22.5 percent of the next higher \$12.50 of monthly  
18 production tax value for each BTU equivalent barrel;

19 (vi) 25 percent of the next higher \$12.50 of monthly  
20 production tax value for each BTU equivalent barrel; and

21 (vii) 30 percent of the monthly production tax value for  
22 each BTU equivalent barrel that is greater than \$105;

23 (H) if the producer's average monthly production tax value of a

1 BTU equivalent barrel of the taxable oil and gas for the month is more than  
2 \$117.50, the tax rates are

3 (i) 2.5 percent on the first \$12.50 of monthly production  
4 tax value for each BTU equivalent barrel that is greater than \$30;

5 (ii) 7.5 percent of the next higher \$12.50 of monthly  
6 production tax value for each BTU equivalent barrel;

7 (iii) 12.5 percent of the next higher \$12.50 of monthly  
8 production tax value for each BTU equivalent barrel;

9 (iv) 17.5 percent of the next higher \$12.50 of monthly  
10 production tax value for each BTU equivalent barrel;

11 (v) 22.5 percent of the next higher \$12.50 of monthly  
12 production tax value for each BTU equivalent barrel;

13 (vi) 25 percent of the next higher \$12.50 of monthly  
14 production tax value for each BTU equivalent barrel;

15 (vii) 30 percent of the next higher \$12.50 of monthly  
16 production tax value for each BTU equivalent barrel; and

17 (viii) 35 percent of the monthly production tax value for  
18 each BTU equivalent barrel that is greater than \$117.50;"
