FISCAL NOTE #1

BILL NO. CSHB 282(EDC)

Analysis

This bill, as it relates to the Commission, directs the Commission to require authorized institutions to accept military education, training, or service for program credit under specified conditions. There are no associated increased costs to the Commission to develop, through regulation, guidelines for authorized institutions to equate military education, training, or service for credit. The Commission would implement by providing due notice to Alaska institutions and including this requirement within its institutional authorization compliance review program.
