**Analysis**

This legislation allows Department of Military and Veterans Affairs (DMVA) to designate military effectiveness zones in the state. With respect to the Alaska Industrial Development and Export Authority (AIDEA) it permits the authority to provide financing in these areas which could be beneficial. AIDEA currently has the authority to invest in federal facilities, which can include military buildings. This legislation would create an incentive for such financing, but would not require the creation of new programs within AIDEA.

There is no foreseeable fiscal impact to AIDEA as a result of this legislation.
