Analysis

This bill amends the law relating to stalking by adding to the definition of nonconsensual conduct methods of contacting people with modern technology such as global positioning systems. It makes a clarifying amendment to AS 11.51.100, which prohibits endangering the welfare of a minor. It adopts new statutes to prohibit sending an explicit image of a minor and misconduct involving confidential information. It also increases the penalties for the crimes of online enticement of a minor and unlawful exploitation of a minor. The bill makes it clear that the commissioner of corrections may, in his or her discretion, provide supervised probation to a person on probation for conviction of a misdemeanor.

Although the bill would adopt new crimes we believe that they can be prosecuted with current resources.
