 Date 4/15/2011

**FISCAL NOTE #2**

**STATE OF ALASKA  
2011 LEGISLATIVE SESSION**

**BILL NO. CSSB 98(JUD)**

**Analysis**

This bill provides a framework for all entities, including state agencies that collect, analyze, or distribute biometric information. The state uses biometric information in a number of instances, such as occupational licensing, background checks, etc... This bill provides specific rules as to the retention and destruction of biometric information and includes express exceptions for law enforcement, information collected by the DMV, and for uses that are authorized by state and federal law. Finally, although this bill includes a private right of action if this statute is violated, it also includes an immunity provision for state agencies. With this immunity provision, the fiscal impact of this legislation is zero.
