FISCAL NOTE #1

**STATE OF ALASKA
2012 LEGISLATIVE SESSION**

BILL NO. CSSB 140(JUD)

Analysis

SB 140 adds new substances to Schedule IIA of Alaska's controlled substances. These substances are currently not controlled. They are sometimes referred to as synthetic cocaine or bath salts. It is difficult to predict the number of cases that would be filed after these substances are included in Alaska's schedules of controlled substances but the number should not be great.

Schedule IIA currently includes, among other substances, amphetamines and methamphetamines, which are fairly dangerous substances.

The fiscal impact is zero.
