FISCAL NOTE #2

**STATE OF ALASKA
2012 LEGISLATIVE SESSION**

BILL NO. SB 218

Analysis

This proposed legislation would require a person who is required to register as a sex offender or child kidnapper in another jurisdiction to register in Alaska even if there is no substantive law in Alaska that is similar to the offense the person was convicted of.

For the department's Records & Identification bureau to continue to accomplish a core service of providing public access to current information regarding sex offenders in Alaska, the determination that a person must register as a sex offender or child kidnapper in Alaska because of their requirement to register in another jurisdiction must be made timely and must be based on information that has been validated.

Considerable research and analysis of the criminal history background of persons with sex offense convictions outside of Alaska would be required to determine whether the offense of conviction is a registerable offense under the current laws of that jurisdiction and whether or not the person is subject to that jurisdiction's registration requirements. Coordination with the jurisdiction's sex offender central registry office would need to occur to obtain source documents and other relevant information on the person.

Additionally, it is anticipated that the department would need to continually monitor the status of registration laws and legal cases affecting sex offender registration in all jurisdictions to ensure a person required to register in Alaska under proposed AS 12.63.100(6)(D) continued to be subject to the registration requirements of the jurisdiction that their offense was committed in.

The department anticipates that these additional efforts will require one new full-time Criminal Justice Planner position. This position would be responsible to review and evaluate offender records with out-of-state sex offense convictions to determine the requirement to register under proposed AS 12.63.100(6)(D), to coordinate with other jurisdictions' sex offender central registry offices, and to monitor sex offender registration laws in other jurisdictions and any changes for possible impact to currently registered offenders.
