## ASSOCIATED REGULATIONS

Does the bill direct, or will the bill result in, regulation changes adopted by your agency? yes  
If yes, by what date are the regulations to be adopted, amended or repealed? 01/01/14

## Why this fiscal note differs from previous version:

The original version restricted the amount of MVRT that could be collected by DMV. The CS removed the restriction.

Approved By:	Curtis Thayer, Deputy Commissioner	Date:	02/23/13
	Department of Administration		

## FISCAL NOTE ANALYSIS #2

STATE OF ALASKA  
2013 LEGISLATIVE SESSION

BILL NO. CSHB 19(TRA)

### Analysis

***The effective date of this bill is January 1, 2014.***

This bill allows for permanent registration of non-commercial vehicles that are at least eight years old, allows for permanent registration of all non-commercial trailers, establishes a one-time \$25 permanent registration fee, allows municipalities to establish one-time Motor Vehicle Registration Tax (MVRT) rates for permanent registrations.

#### **Expenditures**

The database for DMV will need programming to allow for permanent registration of non-commercial trailers, and permanent registration of non-commercial vehicles eight years and older.

Estimated contract hours: 700

Cost per hour: \$143

Total programming cost:  $700 \times \$143 = \$100,100$ .

#### **Revenues**

**Motor Vehicle Registration Tax (MVRT):** The DMV currently collects MVRT for 16 communities: Anchorage, Bethel, Bristol Bay Borough, Cordova, Dillingham, Juneau, Kenai Peninsula Borough, Ketchikan Gateway Borough, Kodiak Island Borough, Matanuska Susitna Borough, Nenana, Nome, Petersburg, Sitka, Unalaska, and Whittier. Eighty-four percent (84%) of all vehicles and 77% of all trailers reside in a community that collects MVRT, and on average, 72% of vehicles are eligible for permanent registration. Eight percent (8%) of the MVRT collected is retained by the state as collection costs; historically, the collection costs have been approximately \$1 million annually. Eliminating biennial MVRT for approximately 533,000 vehicles and trailers will reduce the collection costs. The net effect on the general fund is indeterminate.

Assumptions:

- 1) **Non-commercial vehicles at least 8 years old** - 478,400 vehicles will be eligible for permanent registration in 2014 (based on currently-registered vehicles). Half (239,200) will renew in 2014 and half will renew in 2015. Approximately 30,300 vehicles will become eligible each year. This is an average of the number of currently registered vehicles with model years 2002-2012.
- 2) **Non-commercial trailers** - 115,500 trailers will be eligible for permanent registration in 2014 (based on currently-registered vehicles). Half (57,750) will renew in 2014 and half will renew in 2015. Approximately 5,000 new trailers are registered each year. This is an average of the number of currently registered trailers with model years 2002-2012.
- 3) DMV estimates that 90% of owners will elect for permanent registration on vehicles and non-commercial trailers. The additional \$25 for permanent registration is low enough to make that option attractive for for all except those who know they will be moving out of state replacing the vehicle/trailer within the following two years.
- 4) DMV experience shows that registrations are never renewed on approximately 20% of older vehicles.

#### **Performance Measures**

The DMV expects this bill will have very little impact on its performance measures, since only about 11% of registration renewals are processed at a DMV office.
