FISCAL NOTE ANALYSIS #1

**STATE OF ALASKA
2013 LEGISLATIVE SESSION**

BILL NO. CSHB 110(FSH)

Analysis

HB 110 prohibits the use of barbed hooks in freshwater fisheries when participating in a fishery for a species that may not be retained or when participating in a fishery in which more than one species is present if there is a significant probability of catching a species that may not be retained. It is anticipated that the Board of Fisheries would address any regulations needed by the passage of this bill during the established meeting cycle in place.
